**I live just down the street from the Lux Center for the Arts and attend events and exhibits there on a regular basis. There is a new small storefront theatre in my neighborhood as well that I'm excited to support moving forward. As someone who has always loved and been involved in performing arts (acting/singing/playing guitar) I am thrilled that Lincoln, and specifically LD26, have been growing their creative districts for these kinds of activities.**

We welcome any additional comments or experiences you would like to make with regards to the arts in Nebraska. Please use the space below. Your comments will be posted on the Nebraskans for the Arts website.

**I believe that support for the arts in our schools and communities is vital to creating a state that retains the folks that live here and attracts those who can see what we have been creating in Nebraska. As someone who grew up participating in the performing arts, I know the essential role that arts education serves in creating a well rounded foundation for one's future. As a State Senator I will always fight to support the mission of the Nebraskans for the Arts and all of the people in our state who work to expand the impact of the arts in our community.**
