**Are you aware of an agency of state government – the Nebraska Arts Council (NAC) – whose mission is to support the arts, humanities and creative activities in Nebraska?**

*(very aware, moderately aware, slightly aware, not aware)*

Very aware

**In FY2023-24, the Nebraska Arts Council invested \$2.6 million in state general appropriations in grants and services across the state to support arts programs and access, arts education programs, and supporting local arts councils and organizations. Most grant dollars required a 1:1 match from private sources. Which statement below best reflects your view?**

*(Increase in state funding, receive the same amount, decrease in state funding, no opinion at this time)*

I am and I want you to see me as a supporter of the Arts. It would be easy for me to say NAC should receive an increase, but without looking at the overall budget and economic conditions, it would be irresponsible for me to say that. As a State Senator, I will do everything I can to support your mission within our state budget.

**How aware are you of the Nebraska Cultural Endowment and the Cultural Preservation Endowment Fund (CPEF)?** *(very aware, moderately aware, slightly aware, not aware)*

Moderately aware

**The State of Nebraska has curriculum standards in the fine arts, which include art, music, theater, dance, and media arts. However, we have a teacher shortage impacting access to arts education. How important do you think it is for our state to focus on teacher recruitment and retention in order to provide content-specific certified teachers in the arts?**

*(essential, high priority, medium priority, low priority, not a priority)*

Essential

**U.S. Bureau of Economic Analysis reports that the arts and culture sector contributed \$3.6 billion to Nebraska's economy in 2022, representing 2.21% of the state's GDP, 31,228 jobs, and total compensation of \$2.1 billion. How important do you feel state appropriations and policies to advance Nebraska's creative industries (including arts, cultural, historical, humanities, science, and arts education resources) are in relation to creating a strong economic future for Nebraska?** *(very important, moderately important, slightly important, not at all important)*

Very important

**How aware are you with the Nebraska Creative District program? Are you aware there are currently 30 certified Creative Districts that are driving economic development in their community.** *(very aware, moderately aware, slightly aware, not aware)*

Very aware

**There are currently 30 certified Creative Districts that are driving economic development in their community. Do you know if one of your communities in your legislative district is a certified Creative District?** *(yes, no, not aware at this time)*

No

**Nebraska adults have one of the highest participation rates in the U.S. in annually attending an art exhibit or arts performance. Is there a specific arts or culture organization in your part of the state that you or your family particularly enjoy, or do you have an artistic talent or hobby?**

Yes

**If yes, please list your talent/hobby and your favorite arts organization(s) here:**

I love Broadway and attend many. I played the flute in High School and I love musical activities.

**Additional Comments from the candidate:**

To clarify the question about creative districts, I am aware that there are none in my legislative district at this time. As a State Senator, I will be a friend of the Arts.
